

**INTERFERENCE COMPLAINT**

I am a regular listener to the simulcast broadcast signal of KDFC on 104.9 FM (KXSC).

I live at \_\_\_\_\_.

On or about March 27, 2019, a new radio station began broadcasting on 104.9 FM in San Francisco. This station, which I understand is licensed to Multicultural Radio Broadcasting, identifies its call letters as K285HD, and broadcasts mainly foreign language programming from KEST(AM) 1450. K285HD is causing interference to my regular over-the-air listening to KDFC on 104.9 FM (KXSC).

The interference is occurring at the following locations (check as appropriate):

\_\_\_\_\_ **My residence** at the address shown above.

\_\_\_\_\_ **My place of employment** at the following address: \_\_\_\_\_

\_\_\_\_\_ **In my vehicle** on my commute from/to (give general description of commute) \_\_\_\_\_

\_\_\_\_\_ **Other** (give brief description) \_\_\_\_\_

I am providing this declaration to ask the Federal Communications Commission to take action to stop this interference from K285HD.

Other than being a regular listener to KDFC on 104.9F M (KXSC), I have no employment, family, business or other relationship with KDFC on 104.9 FM (KXSC).

I declare under penalty of perjury that the information in this form is true and correct to the best of my knowledge and belief. I understand that this complaint may be made publicly available.
